**Unmanned Aircraft Systems Operational Directive for Stakeholder
Consultation**

This AIC serves to inform all stakeholders that an Operational Directive relating to the operation of Unmanned Aircraft Systems (UAS) is being published for consultation. The purpose of this directive is to enhance the safety, coordination and regulation of UAS operations within the Belizean airspace.

The draft operational directive will be available for stakeholder review and comments for a period of four (4) weeks from the date of this AIC. All stakeholders are invited to review the draft directive and provide feedback in the following manner:

CONSULTATION FOR PROPOSED OPERATIONAL DIRECTIVES			
OD Name:	Objection	Rationale	Proposed text for meeting the required level of safety

Guideline:

- (a) Operational Directive name (eg: OD-UAS)
- (b) Objection: state reason for disagreement
- (c) Rationale: provide a clear explanation of your objection
- (d) Proposed text for meeting the required level of safety: provide the proposed text that will ensure that the intent of the proposed regulation is accomplished.

Comments must be submitted within the consultation period and sent to the Department as follows:

Email address: info@civilaviation.gov.bz

Subject: *UAS Operational Directive Consultation*

Late submissions may not be considered. The draft Operational Directive is hereby attached, and it is also available for download on the Department's website on the following link: [Operational Directives \(OD\) | Belize Department of Civil Aviation](#)

All users are reminded to visit this AIS office in accordance with the national and international standards of ICAO

All comments received during the consultation period will be reviewed and, where appropriate, incorporated into the final version of the directive. A summary of significant feedback and any resulting amendments will be published upon finalization of the directive.

END.

All users are reminded to visit this AIS office in accordance with the national and international standards of ICAO
