AIC C005/09 14th January, 2009
--

PARACHUTE OPERATIONS IN BELIZE

In Accordance with **BCAR 02 02.307 Parachutes and parachuting**. “*b) Except in an emergency, no pilot in command may allow, and no person may make, a parachute jump from the aircraft within Belize airspace, except in accordance with the corresponding regulations for parachuting.*” The following are to be considered the Regulations for parachuting:

Because of the document’s size, any person intending to operate parachute operations *from an aircraft within Belize airspace* must obtain a copy of the AIC from the Department of Civil Aviation.

The requirements of this AIC must be met at all times.
